

TIMBER INDUSTRY DEVELOPMENT DIVISION
REPORT ON EXPORT OF WOOD PRODUCTS, APRIL 2009

SUMMARY

A total amount of Euro 10,983,601 was realized from a volume of 34,995m³ of wood products exported in April 2009. The corresponding figures for April 2008 were Euro 15,798,076 and 49,756m³, thus showing decreases of 30.48% in value and 29.67% in volume respectively.

Figures for Jan-April 2009 were Euro 41,062,173 and 128,419m³ as compared to Euro 61,746,327 and 185,909m³ in Jan-April 2008. This indicated decreases of 33.50% in value and 30.92% in volume. Market demand for wood products has reduced considerably in the major importing countries of Germany, Italy, Spain, the U.K. and the U.S.A. due to the credit crunch and the global economic downturn which have generally affected the cash flow of most buyers of wood products.

On the supply side, most timber exporters complain of lack of raw materials to feed their mills, difficulty acquisition of concessions, illegal chainsaw operation and encroachment by some farmers on allocated lands. However, the Ministry Of Lands And Natural Resources and Forestry Commission are making all efforts to arrest the problems confronting the timber industry.

Of the total value of **Euro 41,062,173** for Jan-April 2009, Primary products (Poles and Billet) accounted for Euro 5,435,121 as compared to **Euro 7,122,218** from the total value of **Euro 61,746,327**.

Tertiary products registered **Euro 2,594,286** in Jan-April 2009 and **Euro 4,669,414** in Jan-April 2008.

Secondary products fetched a total of Euro 33,032,766 in Jan-April 2009 and Euro 37,600,853 in Jan-April 2008 respectively.

On Direction of Trade, **Africa** recorded **Euro 15,842,420 and 51,623m³ (38.58% and 40.20%)** in value and volume of total wood exports for Jan-April 2009.

Europe accounted for **Euro 16,342,006 and 44,551m³ (39.80% and 34.69%)** in value and volume respectively of total wood exports for Jan-April 2009. Key markets included Italy, France, Germany, The United Kingdom, Belgium, Spain, Ireland and Holland.

The emerging markets in Asia/Far East: India, Malaysia, Taiwan, China, Singapore and Thailand together contributed **Euro 4,630,005 (11.28%)** to the total of wood export value in Jan-April 2009.

India continues to be the leading importer of Teak Poles, Billet and Teak Lumber(AD).

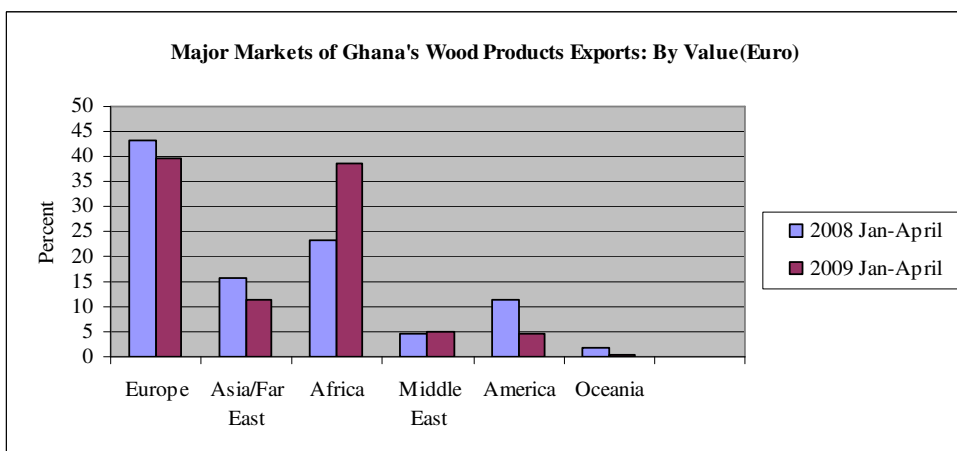

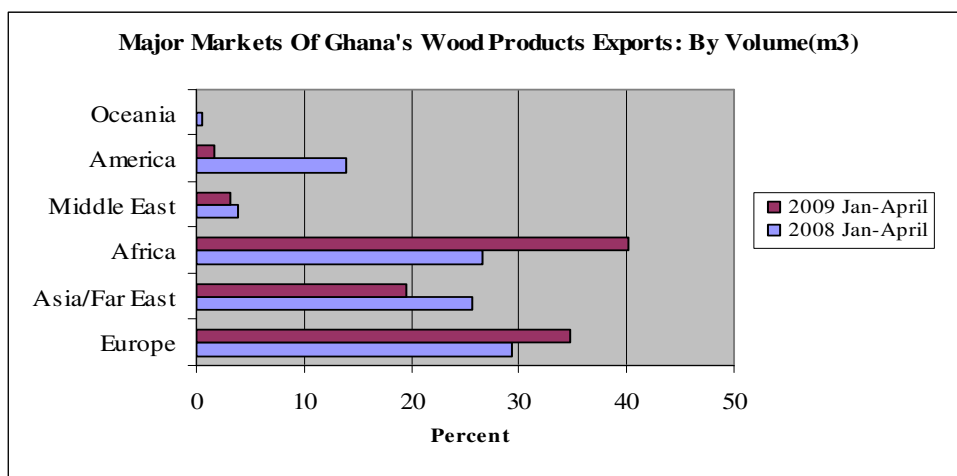

The US accounted for **4.82% and 1.98%** of the total export value and volume respectively of Ghana's wood Export for Jan-April 2009 as compared to **11.43% and 13.97%** in Jan-April 2008. That market has maintained its dominance as the most lucrative destination for Ghana's Lumber(KD) and Rotary Veneer exports.

The ECOWAS (mainly Senegal, Nigeria, Niger, Gambia, Mali, Benin, Burkina Faso and Togo) absorbed Euro **13,644,496(86.13%)** of Africa's **Euro 15,842,420** wood imports from Ghana in Jan-April 2009. Plywood and Air dried Lumber (Chenchen / Ceiba Species) continue to interest the Nigeria and Niger markets.

The Middle East countries, notably Saudi Arabia, Lebanon, United Arab Emirate and Israel together contributed **Euro 2,060,000(5.02%)** to the total export value for Jan-April 2009.
